

Think Vertical!

STA-R Soiled Tray Accumulators

Caddy's STA-R Soiled tray accumulators provide institutions with a clean and efficient means to vertically stack, accumulate, scrap, and sort dishes. They reduce unpleasant "stack up" in the drop off window during peak times and accumulate trays during off peak times – redirecting or reducing full time equivalents.

Efficient Space Usage: Tray rack towers are custom manufactured to any length, maximizing the system's accumulation capability within minimal space. Cantilever carousel design, over the scrapping table utilizes a smaller footprint and enables easy sorting with less lifting. Available with "Easy-Lift" tray tower racks in a variety of tiers that can be removed for cleaning with no tools required.

Built to Last: Heavy-duty, 1/8-inch stainless steel angle frame construction and 12-gauge stainless steel cross braces ensure these systems will stand up to the busiest of dish rooms for years to come. Caddy tray tower racks are strong enough for the heaviest accumulation while rotating smoothly on a self-lubricating (UHMW) wear block and wheels. The DC smooth glide motor, pre-stretched stainless steel chain, and link drive sprocket assembly guarantee years of efficient operations and return on investment.

Aesthetically Pleasing: Decorative accumulation windows with locking door help maintain a quiet, organized, and safe drop off environment while matching the aesthetics of the cafeteria.

Features and Benefits:

- Heavy duty fully welded internal angle frame
- DC variable speed anti-jam, anti-slip, lock brake motor
- Pre-stretched heavy gauged chain
- Full UHMW wear block and wheels
- Fully welded 5/16th and 3/8th inch rod towers
- Easy lift removable towers with no tools
- 2 to 5 tiers available
- Optional removable pitched shelves for trayless
- Automatic stop positioning beam
- Saves space and eliminates unsightly "Stack Up" utilizing carousel and cantilever design
- Saves money on full time equivalents with off peak accumulation
- Custom decorative drop off windows and lighting
- Sight and sound barriers available
- Counter balanced locking double wall doors
- Automatic motorized doors available
- Works in conjunction with Caddy scrapping troughs, bussing conveyors, and rack shelves
- Factory tested and assembled other than field joints
- Caddy 1-year warranty and unparalleled service
